

## 3\*\*\* Design Hotel in Barcelona Centre

Ref.: JB-HAMB3

This 3\*\*\* downtown hotel is located in the hart of Ciutat Vella, the old city o Barcelona, just few minutes from Las Ramblas, the port of Barcelona and the Avenida Parallelo and the theaters.

The hotel has 89 rooms, all exterior and with natural light, 2 of which are specially adapted for disabled people.

It is a hotel of innovative design, which unifies the rest area and the bath zone in a single space, avoiding the room division in classic compartments.

Transparencies are used to differentiate the spaces of rest and shower curtains, which give the space greater usage and flexible shape.

The same innovative design concept has been exported to the hotel' exterior aspect: a large theater curtain, is lining the entire building, implying its interior, and moving the sensuality to the external image of the building.

At the same time, the facade of the old theatre has been preserved.

This modernism makes it one of the most original hotels in the Centre of Barcelona, where the accommodation becomes an experience.

From the roof terrace, guests may relax with the spectacular views of the city.
